ARGO

Well I guess screw my plans.
There was so much less to redraw and fix,
It only took me like 3 hours

Of course that doesnt mean,
ill be any less busy, but maby
just maby i can pull this a second time.
But dont get your hopes up

Again credit to Blackbird no Fansub,

To think that Asahi-sama would be kidnapped
What do you mean?!
Subaru-sama!

Then I will just do what I want
I just tried asking you

Subaru!

BlackBird

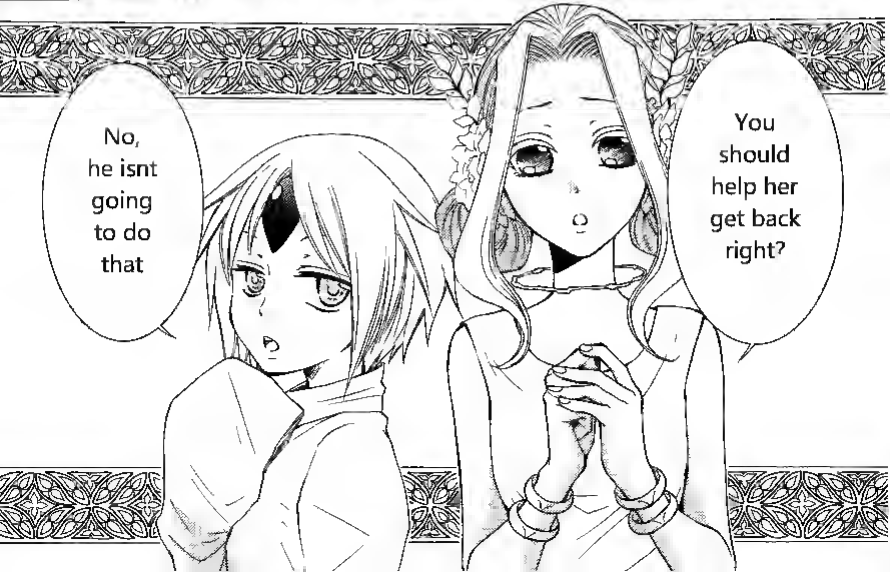
Rather than stopping me ...
You should find the priestess of the god of water
Mother ...
Subaru!
U-Understood!

I no longer am someone you can force to obey your orders
Subaru!
I am stronger now
The god of water wont forgive us
The priestess is no longer with us and the festival of the lake is aproaching
What should we do now?

Oh, there is a big commotion
What are you going to do?



No, he isnt going to do that
You should help her get back right?

BlackBird
Eho Tanouk
I oppose lending a hand Afterall we shouldnt intrude in human matters
How cold of you, earth god
You are noisy
Shut up
Im not going to do anything
I dont care what happens to that girl

Will another girl be offered?
If the girl is still missing, what will happen to the festival?
Oh is that so? Anyways
Are you going to abondon that girl? Or will you save your little bride?

Is to protect myself!
